THANKS AND FAREWELL

Since April, 1980, this little publication has carried a lot of background and good thinking on the field of Food Stamp Tokens and Paper Scrip. I sincerely hope that you feel that it has been of help to you, and that perhaps it has carried the field a few steps further to having a coherent body of literature. Several have written saying that they will miss the quarterly arrivals, so perhaps something has been contributed to at least a few.

For myself I need to move on to other things more related to making a living and I think that most readers can accept that as a valid explanation. I may restart it again in the future, but not sooner than 2-3 years. I may take some of the back issues and submit a few articles to the TAMS JOURNAL as suggested by Paul Cunningham. But maybe an association will have begun in the meantime. One never knows. So, the best to each of you and your interest has been most rewarding.

MAINE

Newcomer Geoffrey Dean Jr. has provided a trial list of MAINE tokens. Let him know about your collections.
